Ad paid by an Equal Employment Opportunity Employer.

The Council on Epidemiology and Prevention announces the

Jeremiah Stamler Research Award for New Investigators

This award, to be presented for the first time at the 32nd Annual Conference on Cardiovascular Disease Epidemiology, is designed to recognize and stimulate excellence in research by investigators in training.

Application is made by submission of an abstract based on independent research conducted during the candidate's training. The awardee will receive a \$500 prize and present the winning paper in a special plenary session at the conference.
